Museum Facilities Volunteer

This volunteer helps with the maintenance of the museum both inside and outside of the museum buildings. The work depends on the volunteer's skillset, experience, and interest.

General duties:

- The museum facilities volunteer works with our facilities manager and staff on both long-term and short-term projects.
- Volunteers will be trained for safety and will follow all safety procedures.
- The volunteer will only be assigned to tasks they are comfortable doing.

Training: The volunteer will work with a facilities staff person to learn about projects or tasks they may be working on. The staff person will decide when (or if) a volunteer works on their own or continues to work with staff.

Time commitment: Varies and depends on the volunteer's schedule and abilities.

Who to report to: Volunteer Coordinator, Facilities Manager, Education Supervisor, Education Director

Upcoming needs: Sam Johnson Woodworking Shop at Barbey Maritime Center weather stripping and energy conservation. Anticipated five or six 2-hour sessions.
