

## Cedar & Pacific Northwest Trees

Grade Level: K - 5

Duration: 50-minute session

Number of classes per visit: 4-6

Available: October - June

How many resources can one tree give? The Columbia River Maritime Museum is delighted to present Cedar and trees of the PNW. Learn the differences between different types of trees and discover the unique relationships between the Western Red Cedar and all sorts of living things in the PNW. Then, explore with your 5 senses in the cedar activity stations.

Allergen Note: Pieces of real Cedar Trees will be brought into the classroom for exploration.
