

Shark Dissection

Grade Level: 6 - 12

Duration: 60-minute session

Cost: + \$150 Specimen fee per group of 30 students

Available: October – June

Gallery Connection: Brix Maritime Hall

6th – 12th

Students will gain an overview of sharks and their basic anatomy. They will then receive a safety briefing before starting the guided and respectful dissection. Students will then group back together to discuss what they learned.

*All sharks are bycatch and not specifically caught for this lab. The availability of the lab may depend on what has accidentally been caught.
